- Inclusion of non-performing KCC assets of *small/marginal/medium/very low income farming classes* in institutional schemes.
- To provide support in providing social/economic security to small/marginal/medium very low income farmers or landless people by including them in institutional schemes.
- Market arrangement with level of artificial intelligence for purchase of agricultural and allied food products at minimum support prices and for essential commodities for use in agricultural works for farmers, Nyay Panchayat etc.
- Representing the natural nature of India in the international market as per international standards-Environmental protection contribution
- Complete stop on the loss of various mediums of agricultural raw material production - creation of direct government jobs in agriculture and allied sectors or creation of direct/indirect self-employment and employment in rural areas in agriculture and allied sectors or in agriculture and food processing sectors.

### **CAGDI RESEARCH BRIEFING**

The following facts/reports came to light in view of corruption in physical /other forms of share of agriculture / farmers: Bank loan problem is often the root factor of farmer suicides. The basic reason for rural migration is the lack of accessible agriculture/other system at the village level. Continuous shortage of employment (national/state level) in the departmental/agricultural sector despite the immense possibilities of employment (government jobs and rural employment). Livestock system which may be physically involved in the allied arrangements of agriculture, not to be included in actual or non-compliance of policies. There is no laxity in the rules against corruption for the general public but for the government officials to relax the rules. If caught taking a bribe, then taking a bribe, taking an exemption etc. was seen in the system (government system). Often the agency of physical supervision of the actual implementation of the schemes released by the Central/State Government, etc., was not seen to work on the actual ground. The lack of physical verification of the actual implementation of schemes/projects/policies/mandates/others issued by the Central/State Government was reflected.

### **OBJECTIVES OF INSTITUTION**

1. The project is aimed at training the Ultimate Backward/ Backwards/Middle Class/Krishi Card Holders for no charge regarding scientific agriculture enhancement of qualitative and quantitative of their farm yield and facilitation of seeds, fertilizers, equipment, etc. at market price so that optimum utilization of their own farm capacity could be attained.
2. To form 5 groups or “Samiti” or “SHGS” or independent farmer/landless membership or non performing KCC Assets Assesses in each “Nyaya/Gram Sabha” comprising of 12 members per group aggregating 60 in strength per “Nyaya/Gram Sabha” in order to enable them avail optimum benefits under DEDS (Dairy Entrepreneurship Development Scheme)/U.P.Milk Policy-2018 or other milk policy or schemes/grade scheme/others so that they are at ease to relief themselves from EMI and due satisfaction of the credit repayment is determined through Bhartiya Bank(a joint ventures of Kendriya Krishi Vikas Sansthan). This scheme could be directly availed by agriculturists/farmers, by first tracing or locating the potential beneficiaries, then training them through different modes free of cost.
3. The Scheme incorporates the facility of “Krishak Sewa Kendra or Mini Collection Center or Milk Collection Center” wherein the edible yield or the raw agri product/produce with one district one product scheme (i.e. Milk, Rice, Paddy, Wheat, Pulses, Oil Seeds and other seeds, vegetables etc.)

presented by the farmer member for sale fetches at least the minimum aid Price but not less than Minimum Selling Price (MSP) declared by Government of India.

4. The farm yield purchase will be facilitated via formation of “Krishak Sewa Kendra or Mini Collection Center or Milk Collection Center” at “Nyaya/Gram Sabha” level, under which yield will be paid off to the indebted/other farmer member registered with institution in their respective bank accounts and the financial institution (FI)/Bank concerned within 12 to 32 hours through NEFT/RTGS/Other banking channels in the ratio of 2:3 or 3:2 i.e. or a part of the produce price will be paid directly to the FI(Financial Institution)/Bank and the other portion to be paid off to the farmer member directly in the specified rate of share of 60%: 40% or vice versa, per the above ratio via DEDS (Dairy Entrepreneurship Development Scheme)/other milk based program or schemes/grade schemes/maps or others. This facility will be ensured on all agricultural and allied sector related raw and other produce.

5. To provide technical development or artificial intelligence to the Krishak Sewa Kendra/Mini Collection Center/milk collection center by installation of CCTV Cameras, this will be connected to Headquarter for online monitoring purpose.

6. To provide Milk Chilling Plant/Warehouse/Plant/Flour Processing Unit/Cold Storage and/or others Agri and allied sector product processing Mini/Micro/high Processing Unit at District/Zone or Region/state or international/national or national/state or state/zone/region or region/zone/district level units and others jointly having capacity of daily processing milk of 1.80 lacs ltr to 20 lacs litres or 1.80 lacs mt. to 20 lacs m.t. capacity and mega food park. This will be a revolution in the field of milk and its processing, which will be physically verified within 24 hours and other changeable programmes or scheme/schemes or policy/policies.

7. To provide Mini/Micro/high Processing Unit at District/Zone or Region/state or international/national or national/state or state/zone/region or region/zone/district level units for generation of more employment or jointly generation of employment with rural self employment opportunities.

8. This program will be implemented in 4 phases as per the finance availability/Sources by Central Government/State Government/FDI or FI/Domestic or Public Investment and its subsidiaries and others depending on changeable program.

9. This program/scheme will help in generation of employment of approx 78,298 jobs on Roll in the State of Uttar Pradesh and 3.5 crore self employments by the Institution in the State or all States in India within FY 2022-23 to 2028-29 or changeable based program.

10. To dispose of farmers problems/grievances within 5 working days through development of Artificial Intelligent or Online Web Portal and other changeable programs.

11. This program in the sequence of time, will ensure income of farmers from 2-4 times which will in turn ensure the positive step of India towards developed nations list, by direct or indirect support of agriculture.

## **BENEFITS FROM THIS PROJECT**

1. Actual implementation of Milk and Agriculture/Other Policy of the Government of India and/or State/states government policy.

2. Control over irregularities in Minimum Support Price in milk and milk products/food grains/potatoes (all vegetables)/pulses/oilseeds/paddy/wheat/other agri raw products.

3. Elimination of synthetic milk/adulterated milk and milk products by availability of milk production on the basis of market demand/fulfillment.

4. Elimination of middlemen.

5. Prevention of rotting vegetables/other agri produces damage.

6. Prevention of disenchantment with agricultural works.

## **ASSUMPTIONS OF PROJECT REPORT**

1. There will be 5 groups in each Gram Sabha and each group will comprise 12 farmers.
2. There will be average production of 10 liters of milk per day from each farmer.
3. Minimum Selling Price (MSP) of milk will be Rs. 34.87/- per liter.
4. Each farmer will spend 25% of its income generated for fodder and other maintenance services such as veterinary services of animals.
5. Each farmer will give 60% of its income generated for EMI on loan/credit taken for purchase of animals.
6. Cost of cow and buffalo would be approx Rs. @70,000/- with DEDS/other milk based scheme.
7. Due to unavailability of market set by government at nearby places approx 44% of farmers whose production capacity is not more than 5 quintals and remaining 66% of farmers whose production capacity is not more than 15 Quintals are forced to sell their harvest at less than MSP declared by Government of India.
8. It is assumed that each farmer produces 5 quintal of wheat, 2 quintal of Paddy, 5 quintal of potato, 2 quintal of pulses and 1 quintal of Oil Seeds from 1 beegha land in one year.

# **IMPLEMENTATION PHASE**

## **PHASE 1**

Financial Year 2022-23 TO 2028-29.

Administrative/Industrial(international-level) or Mega Food Park (with Lab And Other Resurch Center or Punchkarm or Other Institutional Based unit) Unit will developed by CAGDI.

## **PHASE 2**

FINANCIAL YEAR 2022-23 TO 2028-29.

Administrative/Industrial(National/State-level) or Lab and other Research Center or Punch karm or other Institutional based unit will developed by CAGDI.

## **PHASE 3**

FINANCIAL YEAR 2022-23 TO 2028-29.

Administrative/Industrial(State/Region or Zone-Level) or Lab and Other Research Center or Punch karm or Other Institutional Based Unit will developed by CAGDI.

## PHASE 4

FINANCIAL YEAR 2022-23 TO 2028-29.

Administrative/Industrial(Region or Zone/District-level) or Lab and Other Research Center or Punchkarm or Other Institutional Based Unit will developed by CAGDI.

### AREAS TO BE FOCUSED

- Agriculture and Allied Sector's Raw/Other Produce.
- Vermicompost, seeds, fertilizer, tools and others.

ANNUAL ESTIMATED INCOME OF EACH FARMER MEMBER

ESTIMATED INCOME FROM MILK PRODUCTION.

Monthly income of each farmer on the basis of above assumptions =  $30 \times 10 \times 34.87 = 10,461/-$

Expense for fodder and other maintenance services =  $10,461 \times 25\% = 2,615/-$

EMI =  $10,461 \times 40\%$   
=4,184/-

Net monthly income after deduction of expenses and EMI  
=  $10,461 - 2,615 - 4,184$   
=3,662/-

Hence, Net Annual Income of each farmer would be  
=  $3662 \times 10$   
=36,620/-

Estimated Bank Loan/credit	70,000/-
Government Subsidy for backward classes (33.33%)	23331/-
Net Amount of Loan to be beared by farmer	46669/-

Rate of Interest (lump sum) @ (8.25-10.25) % for the period of 9 months as per reducing balance method	7000/-
Total payable cost by agriculturists (inclusive of Interest)	53669/-

Note: The NNKBGS (Non NPA Krishak Banking Guarantee Scheme) by the Uttar Pradesh Banking sponsored by Bhartiya Bank (a joint ventures of Kendriya Krishi Vikas Sansthan) or every Nationalized Bank working under DEDS/other milk based Scheme.

#### INCOME GENERATION FROM WHEAT

Average market rate of wheat = 1,300/- per Quintal  
MSP declared by government of Wheat = 1935/- per Quintal

Additional income if 2 Quintal sold on MSP (Benefit from CAGDI MSP/MSOP Scheme)  
= (1935-1300) x 2  
= 635 x 2  
=1270/-

#### INCOME GENERATION FROM PADDY

Average market rate of Paddy = 1,100/- per Quintal  
MSP declared by government of Paddy = 1855/- per Quintal

Additional income if 2 Quintal sold on MSP (Benefit from CAGDI MSP/MSOP Scheme)  
= (1855-1100) x 2  
= 755 x 2  
=1510/-

#### INCOME GENERATION FROM POTATO

Average market rate of Potato = 300/- per Quintal  
MSP declared by government of Potato = 566/- per Quintal

Additional income if 5 quintal sold on MSP  
= (566-300) x 5  
= 266 x 5  
=1,330/-

## INCOME GENERATION FROM VEGETABLE PRODUCED FROM ORGANIC FARMING-

Average income from vegetable production from ordinary methods on 1 beegha land = 10,000/- To 50000/-

After adoption of organic farming method average income on 1 beegha land from vegetable production = 40,000/-

Therefore, difference in income due to organic farming during the period of 6 months = 40,000 - 10,000  
= 30,000/-

Hence, additional income per year  
= 30,000 x 2  
= 60,000/-

## INCOME GENERATION FROM PULSES

Average market rate of Pulses (Raw) = @2,500/- to 3,500/- per quintal

MSP declared by government of Pulses (Raw) = 3,400/-to 6,400/ per quintal

Additional income if 2 quintal sold on MSP= @2,100/- to @3,600/-

## INCOME GENERATION FROM OIL SEEDS

Average market rate of Oil Seeds = @2,700/- to @3700/- per quintal

MSP declared by government of Oil Seeds = @3,200/- to @5600/- per quintal

Additional income if 1 quintal sold on MSP = @1500/- to @2200/-

Total Additional income of each farmer from all sources= Rs.1,02,020/-

## केन्द्रीय कृषि विकास संस्थान का संक्षिप्त इतिहास

उत्तर प्रदेश कृषि विकास संस्थान (वर्तमान प्रचलित/ट्रेड नाम केन्द्रीय कृषि विकास संस्थान) द्वारा किए गए शोध के अनुसार ग्राम पंचायत से लेकर शासकीय/अशासकीय/अन्य व्यवस्थाओं में व्याप्त संगठित भ्रष्टाचार जो कि भारतवर्ष को विकसित राष्ट्र स्थापित किए जाने हेतु "अवरोधक" है, पाया गया। उत्तर प्रदेश कृषि विकास संस्थान कृषि/कृषक अंश हेतु किए गए विभिन्न प्रयोगों, परीक्षण के उपरांत उत्तर प्रदेश कृषि विकास संस्थान द्वारा प्रस्तुत किए गए विभिन्न प्रस्तावों यथा कृषकों की आत्महत्या के मुख्य कारक बैंक ऋण अथवा इसमें संबन्धित संगठित भ्रष्टाचार द्वारा प्रभावित होना अथवा इससे कृषकों को निजात दिलाने हेतु प्रस्ताव प्रस्तुत किया गया। एक शोध के दौरान यह पाया गया की ग्रामीण स्तरीय सार्वजनिक बैंकों अथवा अन्य बैंकों से प्राप्त होने वाले ऋण को (अति निर्धन कृषक लगभग @44%) को बैंक दलालों के माध्यम से ही दलाली एवं रिश्वत के सम्पूर्ण माध्यमों से ही बैंक ऋण कृषक को प्राप्त हो पाता है और ऋण पर कम ब्याज अथवा अनुदान आदि के लालच अथवा मजबूरी में ऋण प्राप्त किया जाता है। सरकारी कृषि योजनाओं में ऋण प्राप्त किये जाने हेतु प्रत्यक्ष रिश्वत @5% से @10% बैंकों के नाम अथवा @10% से @20% दलाली अथवा फाइलों के नाम पर अप्रत्यक्ष रूप से खर्च हो जाता है। इस रिश्वत खोरी में अप्रत्यक्ष रूप से फाइलों के नाम पर लिए जाने वाले दलाली अथवा फाइलों के नाम पर लिए जाने वाले धन का भुगतान प्रस्तावित अति निर्धन/ मझौले लगभग @44% अति अल्प आय कृषक वर्ग द्वारा यह सामान्य उधारी के बजाय स्वाभाविक भुगतान के माध्यम से कृषि / अन्य सरकारी योजनाओं में ऋण प्राप्त होने के उपरांत ब्याज सहित वापसी के आधार पर साहूकारों या ब्याजखोरों के माध्यम से प्राप्त किया जाता है। सरकारी कृषि योजनाओं में ब्याज उपरांत/अन्य अनुदान माध्यमों का ऋण प्राप्त करने में शासकीय स्वीकृतियों एवं अन्य कार्यवाहियों में लगभग @1 माह से @3 अथवा @5 अथवा @7 माह का समय लगने से कृषकों को मजबूर कराते हुए उनके द्वारा प्रस्तावित ऋण को प्राप्त करने में तमाम शासकीय अन्य समस्याओं को झेलने से उस ऋण को प्राप्त किए जाने के फलस्वरूप उस ऋण के प्रति कृषकों (ऋणी) के मन में प्रायः कुंठा पैदा होना पाया गया। कुंठा के दृष्टिगत ऋण वसूली दौरान आत्महत्या आदि मामले सामने आए। उत्तर प्रदेश कृषि विकास संस्थान वर्तमान में प्रचलित ट्रेड नाम केन्द्रीय कृषि विकास संस्थान देश के कृषि प्रक्षेत्र में व्याप्त संगठित भ्रष्टाचार पर लगभग सम्पूर्ण विराम/कार्यवाही करते/कराते हुए केंद्र/राज्य सरकार की जनहितकारी योजनाओं को धरातल पर भौतिक क्रियान्वयन हेतु माननीय प्रधानमंत्री जी भारत सरकार एवं माननीय मुख्यमंत्री जी उत्तर प्रदेश के संरक्षण में अथवा अनुमोदनोपरांत ज़ीरो टोलरेंस अथवा संस्थागत ज़ीरो करप्शन बेस्ट पॉलिसी के अंतर्गत कार्य कर रही है। संस्थान द्वारा माननीय प्रधानमंत्री जी भारत सरकार एवं माननीय मुख्यमंत्री जी उत्तर प्रदेश शासन के ज़ीरो टोलरेंस अथवा संस्थागत ज़ीरो करप्शन बेस्ट पॉलिसी के अंतर्गत संस्थागत योजनाओं/परियोजनाओं का भौतिक क्रियान्वयन हेतु प्रतिबद्ध होगी। उत्तर प्रदेश कृषि विकास संस्थान वर्तमान केन्द्रीय कृषि विकास संस्थान द्वारा कृषकों की विभिन्न समस्याएँ तथा आत्महत्या के कारक/ कारण/निवारण के शोध के दौरान यह पाया गया की कृषक आत्महत्या के पीछे बैंक ऋण तथा किसान क्रेडिट कार्ड अथवा कृषि संबन्धित ऋण ही लगभग @90% कारक रहा है। जांच के दौरान यह पाया गया की अतिसूक्ष्म श्रेणी के कृषक तथा @1 बीघे से @5 बीघे तक के कृषकों द्वारा बैंक से प्राप्त किए गए कृषि ऋण का पारिवारिक खर्च के उपरांत कृषि उत्पादित शेष बचे कृषि उत्पाद के बिकवाली उपरांत कृषि ऋण का निपटान करना लगभग नामुमकिन होता है इसके पीछे मुख्य कारण बैंक द्वारा कृषकों को अधिकतम बैंक दलालों के माध्यम से डील करवाना और कृषकों को सही जानकारी से कोसों दूर रखना प्रायः पाया गया। इसके साथ ही साथ बैंकों द्वारा ऋण कारोबार किए जाने हेतु प्राप्त किए गए पुनर्वित्त को किसानों को अधिक रिश्वत/दलाली के लालच में कर्ज़ से दबे अथवा एन 0 पी 0 ए 0 हुए असेट्स पर पुनर्वित्त करने एवं एन 0 पी 0 ए 0 का बोझ देश की अर्थव्यवस्था में सम्मिलित

## रोजगार सृजन

प्रायः सरकारी नौकरियों के मामलों में यह पाया गया की सरकारी नौकरी ने आज एक भ्रष्टाचार रूपी व्यवसाय का रूप लेना पाया गया और उसी नौकरी के नाम पर प्रथम श्रेणी से लेकर चतुर्थ श्रेणी तक का रेट (दाम ) तय होना पाया गया | सरकारी नौकरियों में प्रायः योग्य उम्मीदवारों की अनदेखी होने लगी और रिश्वत लेकर अयोग्य उम्मीदवारों का चयन सुनिश्चित किया जाना प्रायः पाया गया | जो अधिकारी/कर्मचारी यदि ईमानदारी करने अथवा कराने की अपेक्षा करने लगा तो ऐसे कर्मचारी/अधिकारी/कर्मचारियों/अधिकारियों की हत्या अथवा फर्जी मुकदमों में फसाना आदि साजिश के शिकार हो जाते हुए पाये गए इसी के संदर्भ में माननीय उच्च न्यायालय इलाहाबाद ने "ईमानदार अधिकारी लुप्तप्राय प्राणी जैसे इनका संरक्षण जरूरी" जैसे कोट किया |

कृषि के स्थान पर भ्रष्टाचार ने एक सहायक उद्योग का दर्जा प्राप्त कर लिया है | ऐसे कृषक कमोवेश ऋण धनराशि सरकार द्वारा माफ कर दिया जाएगा एवं अन्य दिवास्वप्न में पड़कर एक कमजोर कृषक का रूप ले लेता है | ऋण असेट्स के एन0 पी0 ए0 होने से रुपये की मुद्रा स्फीति एक निश्चित सीमा से बढ़ जाती है और रुपया अंतर्राष्ट्रीय बाजारों में कमजोर पड़ने लगता है | एक रिपोर्ट में ऐसा पाया गया है की एक निश्चित समय के बाद ऋणी किसान जो इस आशा में अपना एक अच्छा भविष्य सुरक्षित कर लेता है उसे उचित प्रशिक्षण ना मिलने अथवा उचित ज्ञान ना होने से वह ऋण में प्राप्त किए गए धनराशि की वास्तविक स्थिति से अवगत नहीं होने के कारण ऋण धनराशि का उचित उपयोग नहीं कर पाता है | एक निश्चित अवधि के बाद वह उस धनराशि पर एक निश्चित सीमा से अधिक धनराशि का नोटिस जारी होने पर मानसिक अवसाद में पड़ जाता है और उसे कोई अन्य उपाय दृश्यात्मक ना होने पर आत्महत्या जैसा कुत्सित कर्म करने पर बाध्य हो जाता है | कृषि क्षेत्र में प्रायः यह पाया गया कि कृषकों द्वारा इस तरह कृषि कार्य एक निष्प्रयोज्य कार्य लगने लगा और युवा शक्ति (ग्रामीण) एक निश्चित सीमा से अधिक ग्रामीण से शहरों की ओर पलायन करने लगे जिससे शहरों पर एक निश्चित सीमा से अधिक बोझ बढ़ा एवं एक निश्चित सीमा से अधिक बेरोजगारी बढ़ने लगी जबकि कृषि को उद्योग जैसे स्वरूप अथवा उद्योग के रूप में वृहद स्तर पर रोजगार का सृजन किया जा सकता है | प्रायः यह पाया गया कि कृषकों द्वारा उत्पादित कच्चे उत्पादों की खरीददारी हेतु उनके लिए उचित खरीद बाजार अन्य व्यवस्था का उचित प्रबंध भारत राष्ट्र को आज्ञादी के इतने वर्षों बाद भी नहीं उपलब्ध कराया जा सका जिससे हम केवल 2% से 10% (दो से दस प्रतिशत) ही अंतर्राष्ट्रीय बाजारों में भौतिक रूप

से अपनी (भारतवर्ष के प्रतिनिधित्व) उपस्थिति (वास्तविक) दर्ज़ करने में सफल हुए जबकि यह शासकीय अथवा भारत राष्ट्र के योग्य एवं कुशल अभ्यर्थी का उचित उपयोग न कर पाने की अकुशलता है।

उत्तर प्रदेश कृषि विकास संस्थान (वर्तमान प्रचलित/ट्रेड नाम केन्द्रीय कृषि विकास संस्थान) द्वारा प्रस्ताव पत्रांक 162/उ० प्र० कृ० वि० सं०/लखनऊ/2018-19 दिनांक 03-10-2018 को माननीय श्रम एवं रोजगार मंत्री भारत सरकार नई दिल्ली के सम्मुख संस्थान द्वारा स्वीकृत 1.5 लाख (डेढ़ लाख) विभिन्न संविदा/अन्य पदों के क्रम में उत्तर प्रदेश शासन के आदेश संख्या 1204/36-3-2018-89(सा०)/2018 दिनांक 17 जुलाई 2018 एवं आदेश संख्या 1435 /36-3-2018-89(सा०)/2018 दिनांक 27 अगस्त 2018 के क्रम में समस्त विभागीय कार्यवाही पूर्ण कराते हुए स्वीकृति प्राप्त हुई।

# CAGDI Research Briefing

The following facts/reports came to light in view of corruption in physical / other forms of share of agriculture / farmers:

- Bank loan problem is often the root factor of farmer suicides.
- The basic reason for rural migration is the lack of accessible agriculture/other system at the village level.
- Continuous shortage of employment (national/state level) in the departmental/agricultural sector despite the immense possibilities of employment (government jobs and rural employment).
- Livestock system which may be physically involved in the allied arrangements of agriculture, not to be included in actual or non-compliance of policies.
- There is no laxity in the rules against corruption for the general public but for the government officials to relax the rules.
- If caught taking a bribe, then taking a bribe, taking an exemption etc. was seen in the system (government system).
- Often the agency of physical supervision of the actual implementation of the schemes released by the Central/State Government, etc., was not seen to work on the actual ground.
- The lack of physical verification of the actual implementation of schemes/projects/policies/mandates/others issued by the Central/State Government was reflected.

# CAGDI Cow Shed Proposal

# CAGDI Cow Shed Proposal

## CAGDI Proposed Cow Shed Exterior

This is a place for the cows to relax and sleep during the night.

Each cow has their own place in the resting area, called cubicle.

The cubicles must be covered with a roof made of iron sheets (Mabati), grass thatch or makuti.

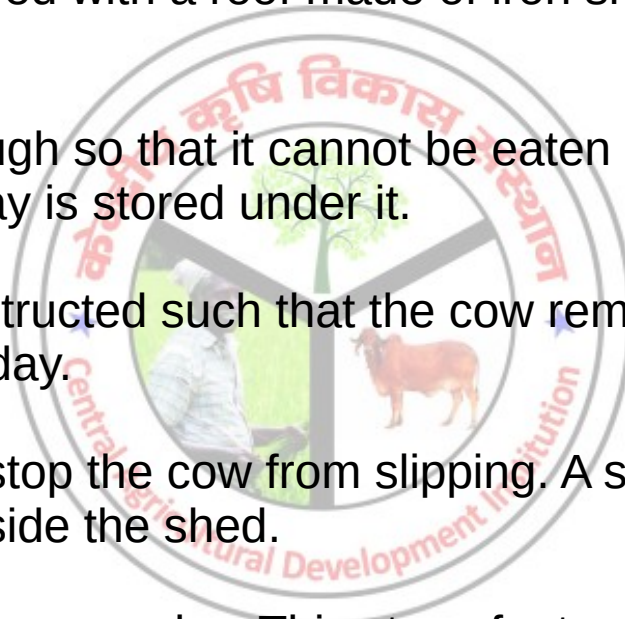

The roof must be high enough so that it cannot be eaten by a cow if it is made of grass or if hay is stored under it.

The cubicle should be constructed such that the cow remains clean all the time. Clean the cow shed every day.

A rough concrete floor will stop the cow from slipping. A sloping floor will help waste to drain away. Collect it outside the shed.

Clean and disinfect the floor every day. This stops foot rot and abscesses.

A cow needs space to lie down. One should construct the number of cubicles enough to be occupied by animals most of the time. Unoccupied cubicles are a waste of space and money.

## CAGDI Proposed Cow Shed Interior

For a given number of cows to a unit, extra cubicles are required to house young-stock (heifers) eg

=@1 cow =@2 cubicles  
 =@2 cows =@3 cubicles  
 =@3 cows =@5 cubicles  
 =@4 cows =@6 cubicles  
 =@5 cows =@7 cubicles  
 =@6 cows =@9 cubicles

A cubicle has a length of =@210 cm (7ft) and a width of =@120 cm (4 ft).

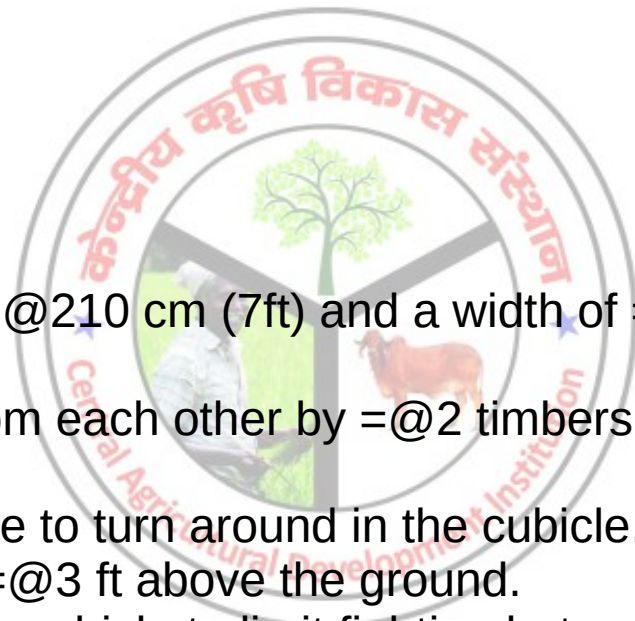

Cubicles are separated from each other by =@2 timbers.

The cow should not be able to turn around in the cubicle.

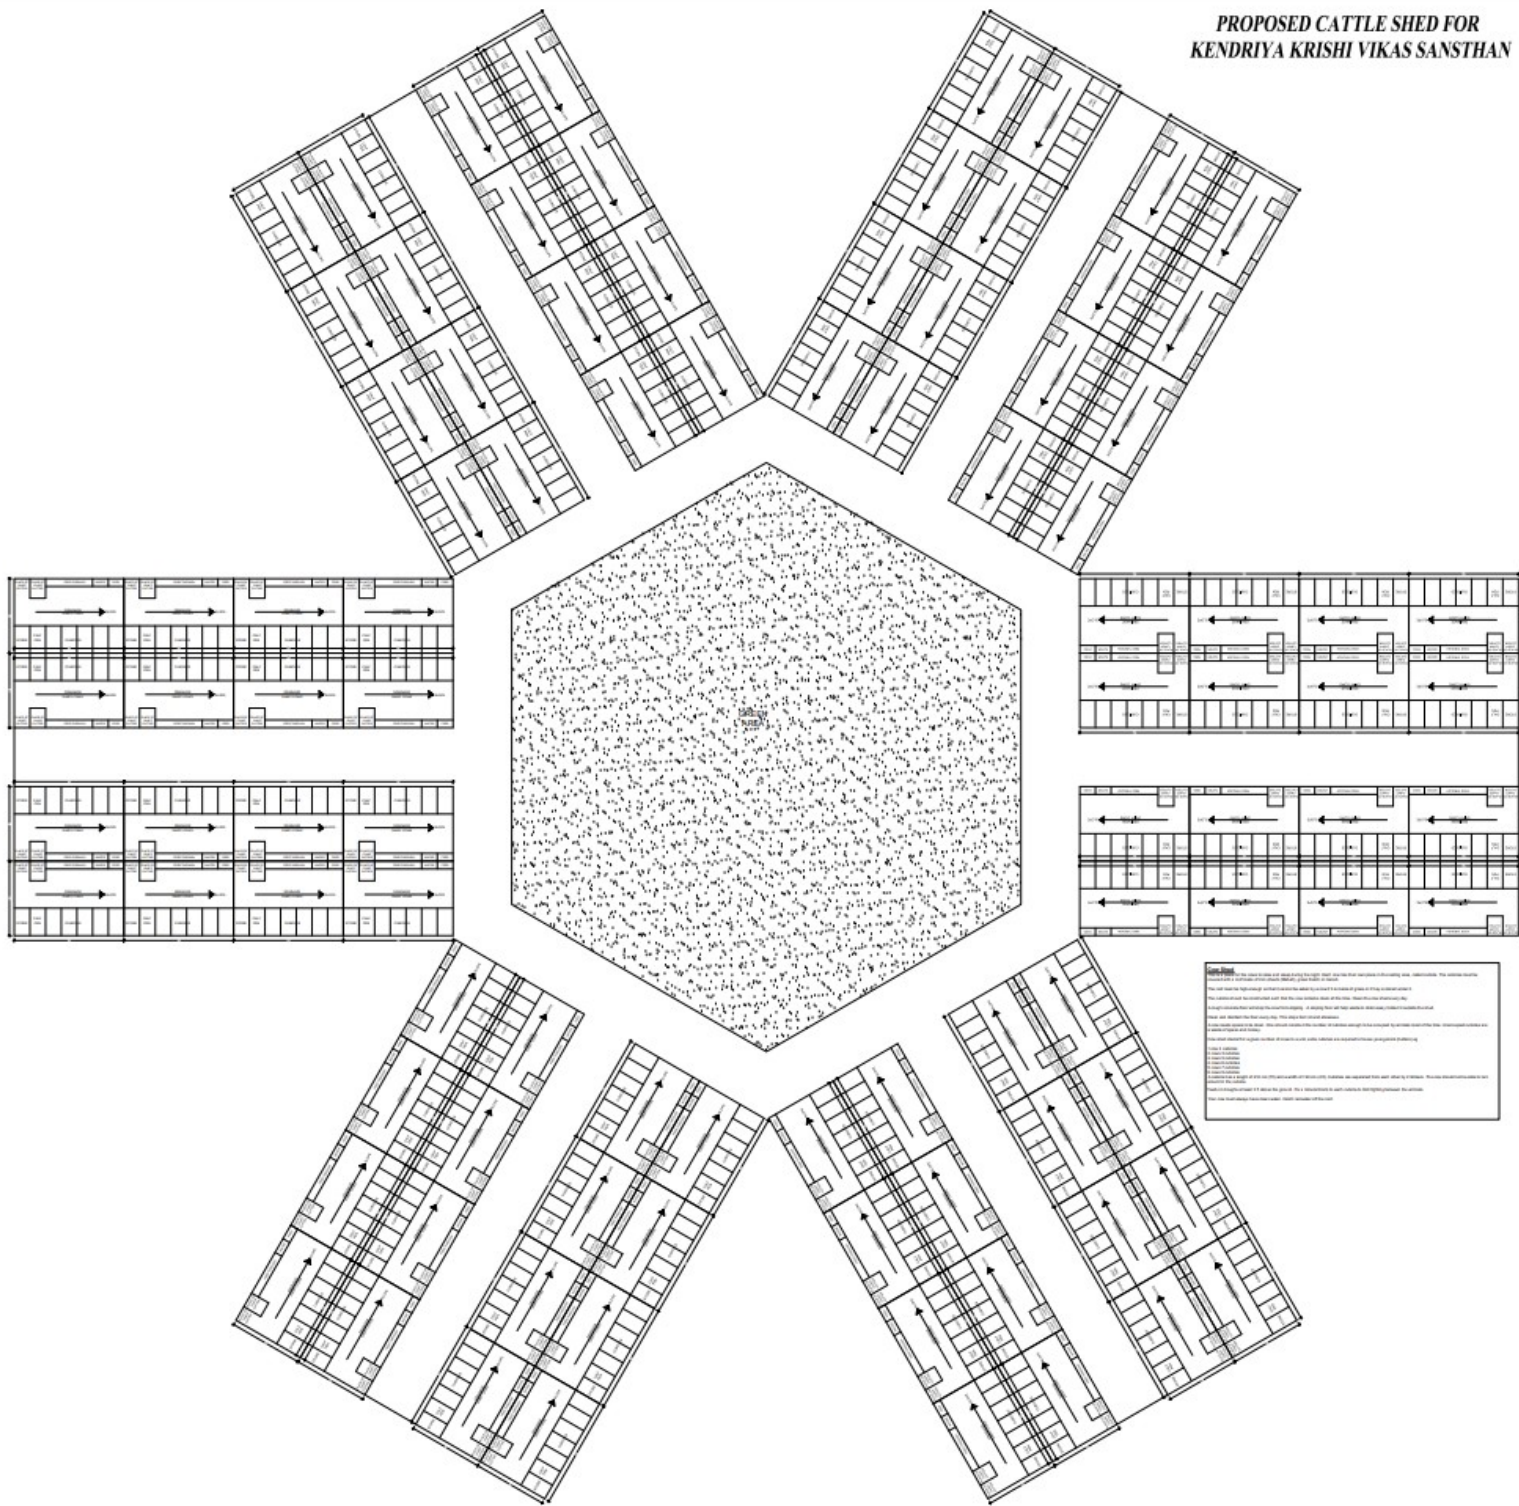

Feeds in troughs at least =@3 ft above the ground.

Fix a mineral block to each cubicle to limit fighting between the animals.

Your cow must always have clean water. Catch rainwater off the roof.
